THOMAS J. MCGARR SUPERINTENDENT-DIRECTOR TO RETIRE

Thomas J. McGarr, our Superintendent-Director for the past six years, will be retiring in February, 1986. He attended Keith Academy, an all boys private school and graduated in 1944. He served in World War II in the Navy as a motor machinist mate in the Amphibious Forces in the Pacific. Mr. McGarr received his Bachelor of Science degree from the University of Massachusetts and his Masters degree from Cornell University.

He came to Diman in 1975 as the first Occupational Coordinator and was appointed Superintendent-Director in March of 1979. His arrival to Diman brought some radical changes. More girls started to attend. New special needs programs were initiated and the integration of computers as a part of shop curriculum was begun. He has helped to develop programs to allow students to be prepared with the knowledge and skills needed to enter the world of work. Mr. McGarr stated, "The demand for Diman graduates will always be strong with excellent employment opportunities in most all of the trade areas."

Upon his retirement from Diman, he will travel to Florida in winter and then cross country to California in late spring and in early summer up to Alaska, all in his new

motor home.

On behalf of the Administration, the faculty, the student body and the school committee, the Class of 1986 wishes Mr. McGarr and his family Good Luck in his retirement years.

SENIOR CLASS SKI TRIP

On Tuesday February 11, 1986, the 4th annual Senior Ski Trip took place. It was originally scheduled for Feb 5, 1986, but was cancelled on account of bad weather. We headed north-west on four buses with 155 seniors and five faculty members.

We arrived at Wachusett Mountain about 8:00 am. After passing out lift tickets, and arranging for rental of equipment, we finally started the ski lessons. One hundred and forty two seniors had never skied before, and it was amazing to see the improvements they had made by the end of the day. We are glad to report that there were no injuries.

Riding home on the bus, all of the seniors talked about thier experiences, and expressed how they can't wait for the alumni trip.

We would like to thank Mr. Pita, Mr. Welch, Mr. Bentley, Mr. Pacheco, and especially Mr. Mullaly. Without his coordinating efforts this trip would not have been possible.

The first to have landed

We're just here for the snow bunnies

This is where the whole day began

We finally made it

See I don't have to wait in line

Hey you bums we'll get you

Oh yeh, You wish

It's about time

The three musketeers

Peace to all and break a leg

Gary, boots don't fit?

"I'll only tell you one more time."

How do you start up on these things

Friends forever

I can't STOP!!

Take off

How do you use these things

And they're off

King of the mountain?

And away we go

Modeling our latest ski wear

Say cheese

Getting ready for lift off

It's been a hard day

The three stooges

Yes, I survied the Summit!!

Look at this face

It's been a hard day on the slopes

Get a little closer

We love each other

We are reday for anything

Taking A Break

You should see those guys

What did you say was in this stuff

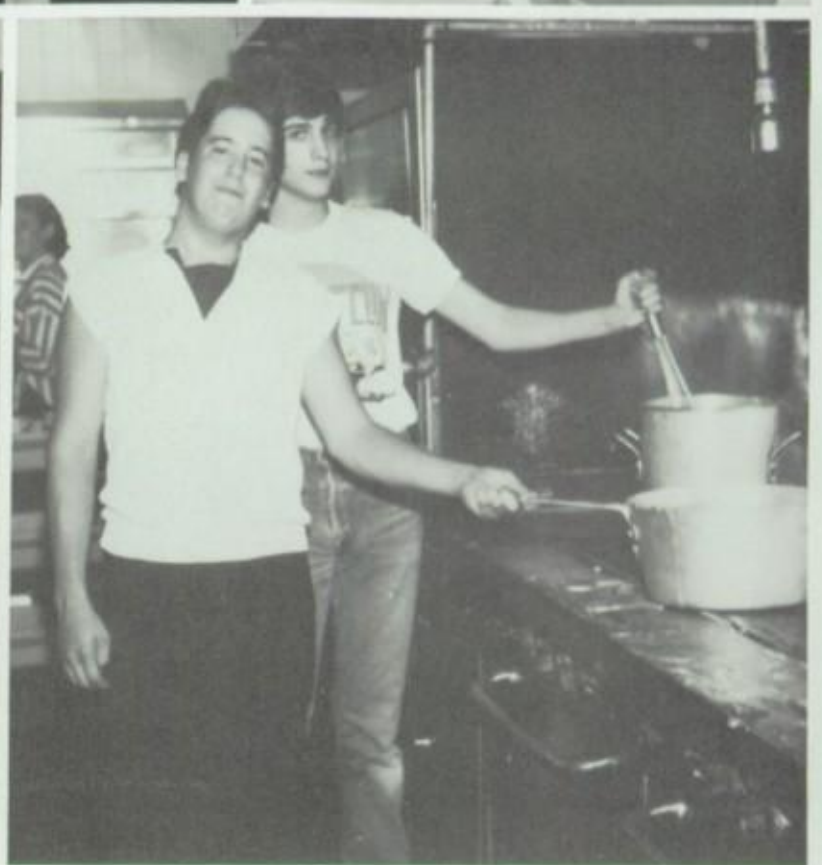

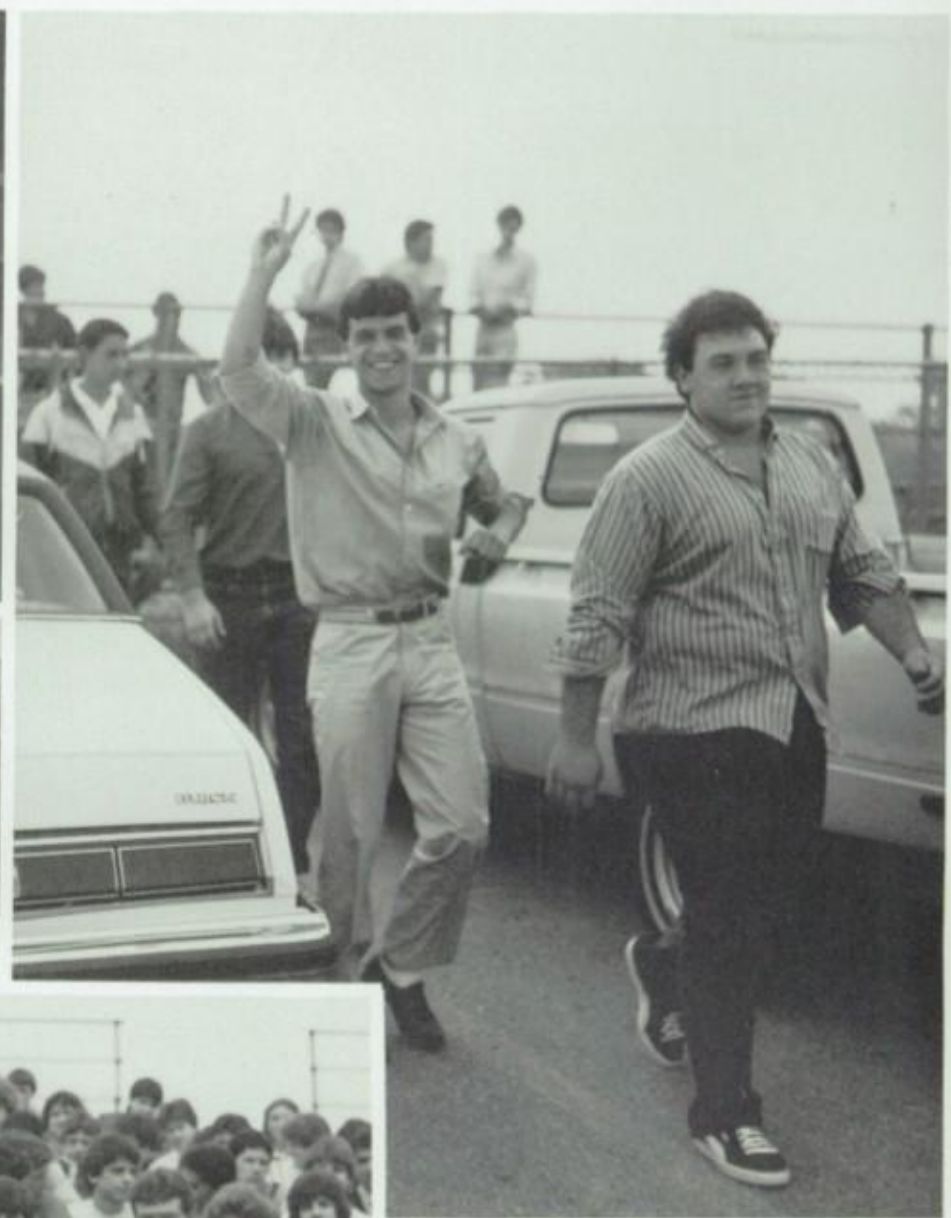

Yes, we are pigging out!

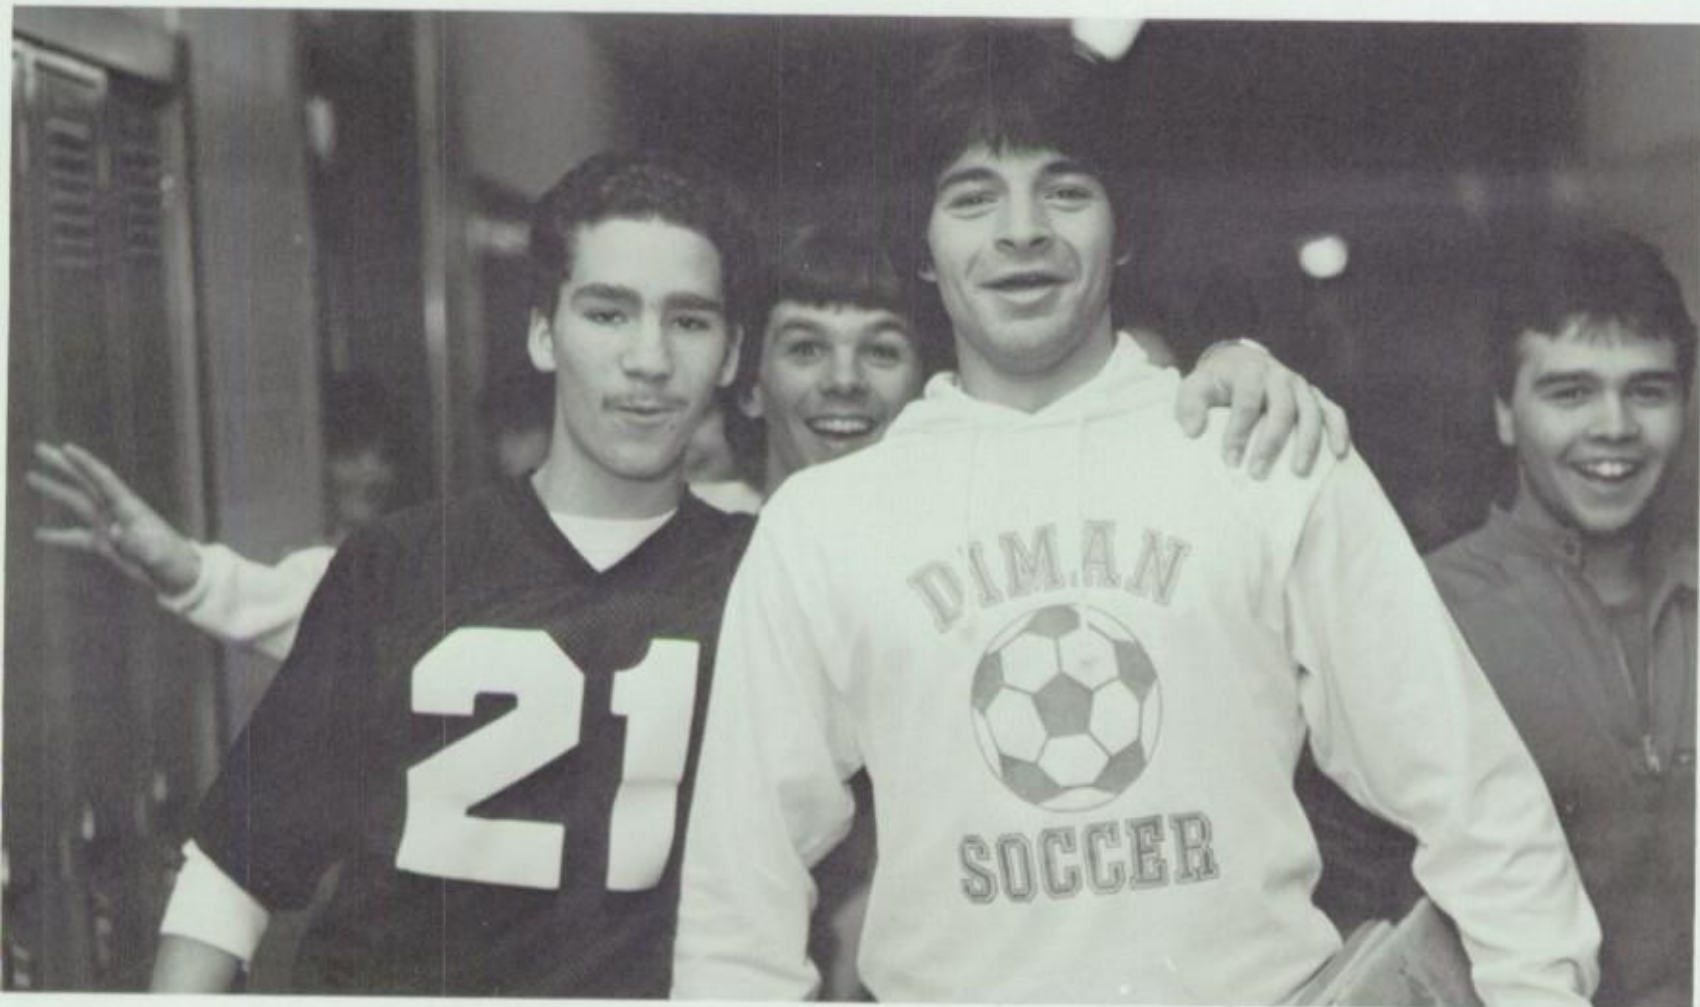

A happy Couple

The gangs all here

Sharon Christa McAuliffe

September 2, 1948—January 28, 1986

'I touch the future. I teach.'

Christa McAuliffe's gift to us is not in the skies but here on Earth. From everything you can read, she was a teacher before she went up and she intended to be a teacher when she returned. In death her legacy is to give her fellow professionals new dignity and honor. Thanks to Christa, each one of them can say with pride "I'm a teacher, too".
